

# *Ancient Wisdom for Modern times...*

*Join Dean and Kelley on an in-depth exploration of ancient Mayan civilization. From the sacred ceremony in the temples to the beaches where you swim with the dolphins, you will have a chance to rejuvenate your spirit, while you reconnect with your Sacred Self.*

**MARCH 17-24 2012**

The ancient Mayan time keepers knew the secrets of the ages and encoded them in turnings of the great calendar wheels. They recorded these secrets in their temples and codices, leaving clear signs and information for us to use now. These sacred ancient sites hold sacred wisdom and spiritual power. The end of the Mayan calendar heralds the time of death and rebirth. As the Mayan's prophesized, 2012 represents a unique time of acceleration and a special time to be alive. The theme of this Sacred Journey is "Ancient Wisdom for Modern Times; Awaken your Inner Shaman." Through a powerful synthesis of easy to understand science and wisdom traditions of the past, our journey will be an in-depth exploration of the ancient Mayan civilization deep within the heart of the Americas, including a look at their lifestyles, their forms of spiritual worship, along with trips to sacred sites. You will experience a private ceremony at Chitzen Itza with Dean and Kelley where you will harness the energy of this sacred site and activate your DNA, your heart and your journey. Once you have activated your light body, you become the powerful co-creator of your life, world and destiny. Join us on this ultimate journey steeped in mysticism, ritual and ceremony and discover how the past can be the guide to your future.

**DEAN TARABORELLI** is founder of The Sanctuary at Sedona, an alternative healing retreat program focusing on addiction, difficult life transition, disempowering beliefs, fear, sickness or those seeking meaning and purpose in life. At the Sanctuary, Dean combines modern science with ancient energy healing techniques to facilitate sustainable life changes. Sparked by his second near-death experience, Dean left a lucrative business career to study the energy medicine practices and wisdom teachings of the indigenous Americans. He has traveled to sacred sites in over 30 countries to study and experience the wisdom of ancient cultures. His interaction with people from many nations and viewpoints has given him deep insight into the cultural aspects of world religion, belief, mythology, rites of passage, ritual and spiritual healing. A practitioner of energy medicine,

Shamanism and earth wisdom teachings, Dean was initiated into the Native American Shamanic lineage of the Peruvian Q'ero. He is a senior member of the teaching staff of The Four Winds Healing the Light Body School, an internationally acclaimed school of Shamanic studies and energy medicine.

**KELLEY ALEXANDER** is a Director, Teacher and Energy Medicine Practitioner at The Sanctuary at Sedona. Ever since high school Kelley Alexander's keen interest in esoteric, psychological and spiritual studies has evolved into becoming an integral part of her life today. In college she majored in world religions and studied psychology in graduate school. After extensive travel abroad, Kelley eventually went to law school, practicing intermittently for 10 years, in 3 states. During this time Kelley became steeped in Jungian psychoanalysis and for over 8 years studied the paradigms of dreams, archetypes, and mythologies as a way to heal our psyches. While studying with a Peruvian Shaman on Lake Titicaca, Kelley set her intent to be open to the unknown and to the possibility that her life could be amazing, joyful and purposeful. She is a graduate of the Four Winds Healing the Light Body School and a practitioner of energy medicine. She is also a certified Shamanic Breathwork facilitator as well as an ordained Shamanic minister.
