**Best Western Arroyo Roble Hotel and Creekside Villas**

Join Ronna Prince, conscious channel of the Ascended Masters, and Dr. Donald Backstrom, chiropractic physician/acupuncturist/nutritionist, in exploring the primary factors that assist us in getting into and staying in Balance in the ongoing Shift of consciousness and accelerated energy fields. As Master Kuthumi says: This is your Ascension Lifetime! Know who you are and rejoice!

This is a time of shift between old and new, out of duality and into an inclusive reality. The shift is upon us now! We all feel it very profoundly. In order to move forward in these times of acceleration in a balanced state, we must be willing to LIVE IN HEART and LET GO. Once we let go, we must find a new balance point. Staying in balance requires practice, consciousness and openness to receive and make room for the new. This Spring Retreat will provide you with the tools to identify blocks and the skills to let go of old patterns, creating the openness to manifest new ones based on greater peace and abundance on all levels.

What we offer: Experience, compassion, humor and fun. We care about individual connection; small groups and heart-led events are our forte. Dr. Backstrom's master's degree in psychology and his day-to-day practice as a holistic health physician combines synergistically with Ronna's spiritual gifts of accessing clear information from the Ascended Masters. We teach you techniques that are simple, practical and do not require certifications and multiple seminars to learn. We are enthused to share our blend of other-dimensional consciousness and a unique sense of humor and fun! This is our 7th Sedona Retreat.

*We will be assisted by Ascended Masters and the Archangels in several empowering Spiritual Initiations on 4-4-2009, a 44:11 – an encoding for Christ Consciousness Investiture – to be explained during the retreat!*

Our special guest, Wachan Bajiyoperak, a Peruvian shaman, will offer a powerful blessing for our group on Airport Mesa. Wachan was born and raised in the Andes of Cuzco Peru. He is dedicated to 'fulfilling the prophecy' of the meeting of the eagle from the north and the condor from the south. Wachan's practice also includes sound and vibrational healing with the music and wisdom of his ancestors.

*Spiritual Atonement is acknowledging and accepting all there is within you in all of your soul's experience, light and dark and then moving All of who you are into the heart of forgiveness for self and others. From this emancipated place, you serve All who are open to receive.*

The teaching we present will prepare you for Ascension in practical ways. "Ascension" is to shift our entire being into a higher vibrational state, thereby becoming Masters of our reality! Our experience is that this can be done in the here and now – there's no reason to wait. Join us!
